

FRUIT COMPOST

We are company who gave free compost

Steps to have it:

1st: You have to gather a bunch of bio-waste

2nd: You give us the waste

**3rd: you wait while we create the
compost**

**4th: You can take your free compost
(example: 1 kg of waste = 1kg of compost)**

5th: You plant your own vegetables

And you repeat the cycle with the new waste
